CENTRAL	INTELLIGENCE	GRAID

~ 2 ~

It is equipped with modern mechanical grain elevators, and is linked to the main railway track.

4. Bor Development Plans

The formation of a mineral-industrial-chemical combine for the development of the important Bor (89/E4723) mineral basin is projected.

5. Plan for increasing skilled labor

In compliance with a recent decree by the Yugoslav Government, all industries and business concerns employing skilled labor are obliged to employ apprentices on the following scale:

1 Apprentice for every 3 skilled workmen
2 Apprentices for every 4 to 5 skilled workmen
3 " " " 6 to 8 " "
4 " " 9 to 14 " "
5 " " " 12 to 15 " "
1 Apprentice for every 3 skilled workmen over 15 employed

The term "skilled workmen" applies only to those who have been engaged on their particular work for a period of not less than five years.

6. Electricity Developments

a. A new H. T. cable has been constructed between

Ivanic Grad (30/K8682) -Susak (41/J3537 and Caprag (45/K8655)

50X1-HUM

b. A 30,000 volt transformer is being built at Gornj Sarampovo (30/K8683), near Ivanicgrad (30/K8682).
